**RE: 2024 Hazardous Liquid Operations & Maintenance Inspection – BP Cherry Point
Crude Pipeline – (Insp. No. 8765)**

Dear Mr. Vodicka:

Staff from the Washington Utilities and Transportation Commission (staff) conducted a Hazardous Liquid Operations & Maintenance (OM) inspection of the BP Cherry Point Crude pipeline on September 19, 2024. The OM plan, process and procedures were reviewed. No field work was anticipated as this inspection was completed utilizing MS Teams online. An exit interview was completed on September 20, 2024.

No issues were noted during the inspection; therefore, this inspection will be closed as of the date of this letter.

Staff thanks BP's personnel for their cooperation during the audit.

If you have any questions or if we may be of any assistance, please contact Anthony Dorrough at (360) 481-4035.

Sincerely,

Scott Rukke
Director, Pipeline Safety
