11	Greater than 5,120 ft ³ or 25,600 mR/h*	\$ 180,642 (A)

* For purposes of determining the site availability charge, mR/hour is calculated by summing the mR per hour at container surface for all containers received during the year.

2. Exemptions

a. As to waste which is generated for research, medical or educational purposes, educational research institutions shall be placed in a rate block for the site availability charge which is one (1) lower than what would otherwise apply through application of the block criteria shown above. "Educational research institution" means a state or independent, not-for-profit, post-secondary educational institution.

b. As to waste which arises as residual or secondary waste from brokers' provision of compaction or processing services for others, if application of the block criteria shown above would place a broker in a rate block for the site availability charge which is greater than block No. 7, such broker shall be placed in the rate block which is the greater of (i) block No. 7, or (ii) the block which is two (2) lower than what would otherwise apply through application of the block criteria shown above. "Brokers" are those customers holding the "broker" classification of site use permits issued by the Department of Health.

3. Payment Arrangements

a. Initial Determination

Initial determination as to the applicable rate block for each customer shall be based on projections provided by customers prior to the beginning of each calendar year. For those customers who do not intend to ship waste to the facility during the calendar year (those assigned to block No. 0) and for those customers who are initially determined to fall into block Nos. 1-2, the entire site availability charge for the year will be due and payable as of January 1. For those customers who are initially determined to fall into block Nos. 3-8, the entire site availability charge will also be due and payable as of January 1, although those customers may make special arrangements with the Company to pay the charge in equal installments at the beginning of each calendar quarter. For those generators who are initially determined to fall into block Nos. 9-11, 1/12 of the site availability charge will be due and payable as of the beginning of each calendar month. These customers may pay in advance if they wish.

b. Reconciliation

The site availability charge is assessed on the basis of actual volume and dose rate of waste delivered during each calendar year. Assessment of additional amounts, or refunds of overpaid amounts, will be made as appropriate to reconcile the initial determination regarding applicable rate block with the actual volume and dose rates during the calendar year.

B. DISPOSAL RATE

1.	Volume.....	\$328.40 per cubic foot	(R)
2.	Shipment.....	\$30,290.000 per manifested shipment	(R)
3.	Container.....	\$27,590.00 per container on each manifest	(R)

SCHEDULE D

General Rules and Regulations

A. RADIOACTIVE WASTE SHIPMENT AND DISPOSAL RECORD

Customer shall represent and warrant that it has obtained all permits and approvals necessary from appropriate regulatory agencies for the shipment and disposal of the Waste Products contemplated by this contract. Customer shall fully and properly execute the Radioactive Waste Shipment and Disposal Record form. Customer shall represent and warrant that data set forth in the Radioactive Waste Shipment and Disposal Record form is true and correct in all respects and is in accordance with all applicable governmental laws, rules and regulations. US Ecology Washington, Inc. shall rely on any and all such representations. Should any of the Waste Products delivered to US Ecology Washington, Inc. in accordance with this Agreement vary in composition or in quantity from that originally represented to US Ecology Washington, Inc. by Customer, Customer shall notify US Ecology Washington, Inc. of such variance before shipment. US Ecology Washington, Inc. shall retain the sole right to reject any and all materials constituting such a variance.

B. PACKAGING

Customer shall be responsible for all packages and containers and warrants their compliance with all rules, regulations, laws and/or ordinances which may be applicable to the safety, packaging, storage or transportation of such containers.

C. CONTAINER VOLUMES:

- 55 gallon drums - 7.50 cu. ft.
- 30 gallon drums - 4.01 cu. ft.
- 5 gallon drums - 0.67 cu. ft.

D. DELIVERY

US Ecology Washington, Inc. shall take possession of the Waste Products at US Ecology Washington, Inc.'s disposal site. Transportation shall be by a Department of Transportation approved vehicle, transportation and package method. Deliveries shall be made during normal working hours on normal working days in accordance with a schedule which shall be mutually agreed upon by US Ecology Washington, Inc. and the Customer. In no event, except when mutually agreed upon in writing by duly authorized representatives of the respective parties, shall US Ecology Washington, Inc. have any responsibility for loading the transportation vehicle at the Customer's plant or facility.

E. NONCONFORMING SHIPMENTS

US Ecology Washington, Inc. shall, upon discovering that a Waste Products shipment is nonconforming, notify Customer of such. Customer will pay any and all costs incurred by US Ecology Washington, Inc. in transporting or in preparing to transport or dispose of nonconforming Waste Products. Nonconforming Waste Products in US Ecology Washington, Inc.'s possession shall be promptly stored and/or prepared for lawful transportation, subject to any and all constraints placed on such storage, preparation or transportation through license or permit conditions, or any law, regulations, ordinance or governmental order, action or request, and shall be returned to Customer within a reasonable time after notice of such nonconformity has been received by Customer, unless within such time the parties agree to, or the appropriate regulatory authorities direct, an alternative, lawful manner of disposition of the Waste Products. Any costs attendant to obtaining authorization for proper disposal or disposition of nonconforming Waste Products already received shall be paid by Customer. Customer shall pay all expenses and charges for handling, loading, preparation, transportation, storage and disposal or other corrective action taken in connection with such nonconforming Waste Products.

F. INDEMNITY

Customer shall indemnify, defend and save harmless US Ecology Washington, Inc., its officers, employees and agents against all liability whatsoever, including all costs and expenses its officers, agents and employees may incur, including, but not limited to, attorneys' fees which arise out of or in connection with the disposal of any waste delivered to US Ecology Washington, Inc., if such loss or liability in any way whatsoever results from the failure of the waste to conform in all material respects to all applicable licenses and the Radioactive Waste Shipment and Disposal Record form, and supplements thereto, supplied with an order, or said shipment fails to meet the standards prescribed by the Department of Transportation or any other Federal or state governmental agency having jurisdiction over such matters.

G. PAYMENT

For all of the Waste Products delivered to and properly disposed of by US Ecology Washington, Inc., Customer shall pay US Ecology Washington, Inc. a fee as determined in accordance with this Schedule. Measurement of the Waste Products shall be made by US Ecology Washington, Inc. at any time prior to disposal. US Ecology Washington, Inc.'s measurements shall govern unless shown to be in error. US Ecology Washington, Inc. shall submit appropriate invoices to Customer, and US Ecology Washington, Inc. agrees to keep copies of said invoices for a period of at least two (2) years as a record of disposal. US Ecology Washington, Inc. invoices shall be due and payable upon receipt.

H. LATE PAYMENT FEE

US Ecology Washington, Inc. shall be able to add a service charge of one and one-half percent (1-1/2%) per month (but not to exceed the lawful applicable rate) to all balances which remain unpaid more than thirty (30) days after the invoice date.

(C)

I. ADOPTION OF RULES OF REGULATORY AUTHORITIES

The rules regulating disposal of low-level radioactive wastes prescribed by the Washington Utilities and Transportation Commission, as such rules may hereafter be amended from time to time, are hereby adopted and by this reference are made a part of this tariff.

J. SCHEDULES AND CONDITIONS

The schedules and conditions specified in this tariff for disposal of low-level radioactive waste are subject to change by order of the Washington Utilities and Transportation Commission or upon the effectiveness of a superseding schedule and in accordance with the laws of the State of Washington regulating public service companies and any amendments thereto.
